

Social Distancing at your Ranch-Getaway

vvr.texas@gmail.com www.getawayranchtexas.com

Here is how we keep you and your family safe & carefree

Only 4 units – privacy for the selected few – never crowded

Social distancing measures at the Ranch

- Cabins are +/- 100 feet apart
- Activities with one family/party at the time to ensure your safety see website/activities what is currently offered
- Breakfast available, currently no dinner :
 - Breakfast in a basket – we will bring your breakfast to your cabin

Meal preparations are made by following the highest food safety precaution standards

Dinner options at the ranch: There is a propane grill with grill utensils at the cabin at your disposal – you would have to bring everything to prepare your meal, including silverware and kitchenware. There is also a microwave and a small fridge in the cabin

- Cleanliness is our utmost concern – all surfaces in your room are disinfected after thorough cleaning – surfaces and objects in shared rooms/environment like dining room, saddle room are disinfected regularly as well as equipment & tack

Our highest priority is to keep you and your family safe
