

SwissConnection.us is presenting a breath taking

Harley or Classic Car Tour in May 2015

Our Motto; Adventure and fun on 2 or 4 wheels.

We are offering the trip as a Harley Tour or as a Classic Car Tour, upon request a mixed Tour is available.

Your adventure starts in Dallas/Ft. Worth Texas, with partial drives on Route 66 in Texas, a visit in Santa Fe, New Mexico, an overnight in San Antonio, the Venice of the U.S. as well as the visit of State Parks, Cities and Lakes.

Whenever possible we are riding off the big highways. Our journey leads us through the never ending Wild West and colorful Canyons. Distances of the day trips are chosen short so you will have time on each location to explore the area and enjoy some spectacular sunsets.

Besides the famous Cadillac Ranch you will visit Americas second largest Canyon. The Palo Duro Canyon; which is as interesting as the Grand Canyon. Other locations are, the White Sands National Monument in New Mexico, where you will experience those famous white dunes. While your trip continues we will ride to the Big Bend National Park. There you will take a day trip on a rafting boat and you will cross the awesome Santa Elena Canyon where the Rio Grande bends.

No you don't just go to sleep; you will live your dream. Overnight locations are log cabins, Tents, a houseboat and in between we enjoy the comfort of three and four star hotels so we get a decent shower.

The total road trip is about 2400 Miles with in 12 unforgettable days. Here you will find the tour plan: <http://goo.gl/maps/x1w5G>
